

Product code: LFHGF18S

APPLICATION

Ideal for sheep or rearing calves, this handy little feeder holds both 700kg grain and two small squares when broken into biscuits.

Capable of servicing up to 8 calves or 12 ewes feeding at any one time, the combination feeder is suitable for feeding grain, pellets as well as biscuit hay.

The Combination Feeder enables you to feed a mix of higher protein feed and roughage combined.

FEATURES

- Can hold both grain and hay
- Swing open hinged lid
- Strong steel sub-frame for lifting
- Adjustable feed doors on grain section
- Vertical bars for hay access
- Additional weather verandas
- Fully galvanised finish
- Light weight to move yet strong structural design
