

NURSERY HUTS

Nursery Hut – 1.9m

Product Overview:

This small nursery shelter is ideal for those with a house paddock and a few animals that need to get out of the weather and need that extra level of care. Perfect for lambs or newly born calves that have become mismothered. It is also ideal for pig stalls in paddocks. These huts can be easily towed into a new fresh location meaning the chance of disease contaminating other animals is significantly reduced. A large door opening of 1200mm means all types of animals can access the shelter.

- Suitable for Calves, Goats, Pigs, Poultry, Sheep
- Dimensions 1850mm (L) x 2900mm (W) x 1800mm (H)
- Door opening is 1200mm wide

Product Code: ASNH1900G

Nursery Hut – 3.8m

Product Overview:

These small lightweight shelters provide a great opportunity for animals to get out of the weather and stay warm and dry. This is especially the case for young animals that are vulnerable to cold weather. These structures are easily moveable as they are supported by a skid style base.

This is the larger of the two models and is built to shelter larger groups of animals. Being nearly 4m in length they not only shelter animals inside the frame but act as a wind barrier to those unable to get shelter inside the hut.

- Suitable for Calves, Goats, Pigs, Poultry, Sheep
- Dimensions 3.8m (L) x 2.4m (W) x 1.65m (H)

Product Code: ASNH3800G
