

PURETEC

HYBRID – G7

4 mounting points for quick and easy installation.

Neatly Concealed Control Panel
Monitors the lamp life, failure alarm (audible & visible) and total running days of the Radfire™ UV unit.

Maintenance is simple and can be completed in minutes - without tools. It's as easy as replacing the UV lamp once a year and periodically cleaning the sleeve.

Retainer cap enables effortless lamp replacement. No tools are required.

Quick and easy plug-and-play installation.

Radfire's unique water chamber optimises hydraulic performance and increases disinfection efficiency. Chamber and hardware are stainless steel for dependable long life.

Designed for harsh climate, it incorporates a weather cover for outdoor installations. The lightweight bracket is made from coated aluminium to ensure no rusting.

Ultraviolet Protection
Kills 99.9% of bacterial with Radfire™ ultraviolet technology, a natural purification process that's completely eco-friendly and chemical-free.

Stage 1 Filtration
HYBRID G6 & G7 MODELS
A washable 5 micron sediment removal filter to remove silt, sludge, dirt and rust.
HYBRID G8 & G9 MODELS
A washable 20 micron sediment filter to remove silt, sludge, dirt, rust and other coarse particles.

Stage 2 Filtration
HYBRID G6 & G7 MODELS
A carbon cartridge that reduces bad taste, odour and chemicals in your water.
HYBRID G8 & G9 MODELS
A solid 1 micron filter to remove fine particles.
