

UNDERGROUND TANKS

- Fully tested polyethylene tank designed to withstand ground and water pressure at depth
- Engineered by geotechnical experts including finite element analysis (FEA)
- Certified to AS/NZS 4766 Rainwater tank standard
- Certified to AS/NZS 1546
- Sealed locking tamper-proof lid
- With or without Vortex Filter

Dimensions

Product Code:	Litres	Length	Width	Height	Height (inc. riser)	Price (Inc GST)
URT3300B	3,300	2450mm	1640mm	1665mm	2175mm	\$3,266.00
URT3300VF	3,300	2450mm	1640mm	1665mm	2175mm	\$4,273.00
URT5000B	5,000	3520mm	1640mm	1665mm	2175mm	\$4,725.00
URT5000VF	5,000	3520mm	1640mm	1665mm	2175mm	\$5,827.00

- Full FEA structurally approved
- Meets all Structural Codes and AS1546 manufacturing and testing certification.
- Easy to manage and install on site
- Suitable for submersible pump
- Moulded in food grade polyethylene
- With variable length Riser, leaf strainer, light guard, Lid

Dimensions

Product Code:	Litres	Length	Width	Height	Riser Height	Price (Inc GST)
GR-UG30	3,000	2940mm	1600mm	1265mm	890mm	\$2,893.00
GR-UG50	5,000	2530mm	2280mm	2050mm	890mm	\$4,515.00
